

QUESTIONNAIRE

Getting to Know Your Child

Bring it to your meeting, or email it back to us

Dear family,

We look forward to building a real partnership with you. You gave us a lot of important medical and contact information during enrollment — these questions are the other half, the ones that help us know your child. Please tell us if you need anything specific from us, like accessible entry or translation services. Our goal is to welcome your family well and make this a comfortable place for your child.

Take a few minutes with this and email it back, or bring it to your "getting to know you" meeting with your child's teacher.
